

2023 Western PA Healthcare Summit - Call for Speakers

The Western Pennsylvania Health Summit Planning Committee is pleased to announce a Call for Speakers for our upcoming event to be held on **Friday, May 19, 2023**. It will be held at the RLA Learning & Conference Center.

This year's theme is "**Navigating The Future of Healthcare**" and will focus on technology and innovation, public health awareness, social justice, and population health management. We will hear from patients, providers, healthcare administrators, and technology professionals across the healthcare continuum.

Important Dates

Submission Deadline: February 1, 2023

Notification of Selections: February 15, 2023

Final Materials Due: May 1, 2023

Conference: May 19, 2023

Please review the details below and send your submissions to admin@pahealthsummit.org.

Session Specifications:

- No vendor specific submissions will be accepted.
- The topic must be focused on educating and delighting our audience, not selling a product or service.
- Submissions should be in abstract format and no more than 500 words.
- Session options are panel speaks or individual speakers. Please specify which type of session you are submitting.
- Each session must include learning objectives and the intended audience.
- Sessions must not disclose sensitive or confidential information as media and vendors may be present.

Proposed Session Topics

- Informatics and big data to deliver care to sub-populations
- Remote patient monitoring and telemedicine
- Expansion of virtual care
- Chronic disease care and management
- Social determinants in health
- Public Health education and awareness
- Addressing disparities in care among vulnerable populations
- Social justice
- Practice transformation
